

satisfies the following four requirements:

(a) The activity furthers one or more of the competing national objectives or purposes contained in section 302 or 303 of the Act,

(b) When performed separately or when its cumulative effects are considered, it will not cause adverse effects on the natural resources of the coastal zone substantial enough to outweigh its contribution to the national interest,

(c) The activity will not violate any requirements of the Clean Air Act, as amended, or the Federal Water Pollution Control Act, as amended, and

(d) There is no reasonable alternative available (e.g., location design, etc.) which would permit the activity to be conducted in a manner consistent with the management program.

§ 930.122 Necessary in the interest of national security.

The term *necessary in the interest of national security* describes a Federal license or permit activity, or a Federal assistance activity which, although inconsistent with a State's management program, is found by the Secretary to be permissible because a national defense or other national security interest would be significantly impaired if the activity were not permitted to go forward as proposed. Secretarial review of national security issues shall be aided by information submitted by the Department of Defense or other interested Federal agencies. The views of such agencies, while not binding, shall be given considerable weight by the Secretary. The Secretary will seek information to determine whether the objected-to activity directly supports national defense or other essential national security objectives.

§ 930.123 Appellant.

The term *appellant* refers to an applicant, person or applicant agency submitting an appeal to the Secretary pursuant to the provisions of this subpart.

§ 930.124 Informal discussions.

In the event the State agency informs the applicant, person or applicant agency that it intends to object to the proposed activity, the parties

should consult informally to attempt to resolve the matter in a manner which avoids the necessity of appealing the issue to the Secretary. OCZM shall be available to assist the parties in these discussions.

§ 930.125 Appeals to the Secretary.

(a) An appellant may file a notice of appeal with the Secretary with 30 days of the appellant's receipt of a State agency objection. The notice of appeal shall be accompanied by a statement in support of the appellant's position, along with supporting data and information. The appellant shall send a copy of the notice of appeal and accompanying documents to the Federal and State agencies involved.

(b) No extension of time will be permitted for the filing of a notice of appeal.

(c) The Secretary may approve a reasonable request for an extension of time to submit supporting information so long as the request is filed with the Secretary within the 30-day period. Normally, the Secretary shall limit an extension period to 15 days.

§ 930.126 Federal and State agency responses to appeals.

(a) Upon receipt of the notice of appeal and supporting information, the Federal and State agencies shall have 30 days to submit detailed comments to the Secretary. Copies of such comments shall be sent to the appellant and other agency within the same time period.

(b) Requests for extensions may be made pursuant to § 930.125(c).

§ 930.127 Public notice; receipt of comments.

(a) The Secretary shall provide timely public notice of the appeal within 15 days of receipt of the notice. At a minimum, public notice shall be provided in the immediate area of the coastal zone which is likely to be affected by the proposed activity. At the time public notice is provided, the Federal and State agencies shall provide the public with convenient access to copies of the appellant's notice of appeal and accompanying public information, and to the public information in the agencies' detailed comments.
